

D-105WG+

DOUBLE GLAZED WIDE LINE 105 WITH GROOVE

Dela system-105WG+ i.e. Wideline Double glazed modular system consist of Aluminium section of 25*105*1.5 mm thick. All sections duly anodized up to 20-25 microns with 6063-T6 grade and required accessories ie glass to glass aluminium I sections, T section & 90 degree sections & Glass packing to adjust the floor level. Ceiling profile, Floor profile and wall profile are 25 mm visible face and 105 mm wide with 10mm toughen glass & insertion of Thermoplastic gasket to adhere the glass firm & airtight. The sound reduction Value is from 45 to 49 Db. With 6 mm aluminium Groove inbuilt in system to accommodate the carpet & the uneven surfaces

The glass partition Dela D-105WG+, is the new benchmark disclosing maximum space transparency combined with unlimited layout flexibility.

The two glass panes for the double glazed system are fixed in 105 x 25 mm profiles. Therefore, maximum glass visibility provides an open modern appearance. Good sound insulation and the alternative opportunity for the integration of blinds allow the implementation of an individual, delightful and undisturbed working ambience.

Either in offices, conference rooms or training facilities - Dela D-105WG+ opens all possibilities to optimize design for the internal space development.
